

Appendix 1 – Information on Product Listing Scheme

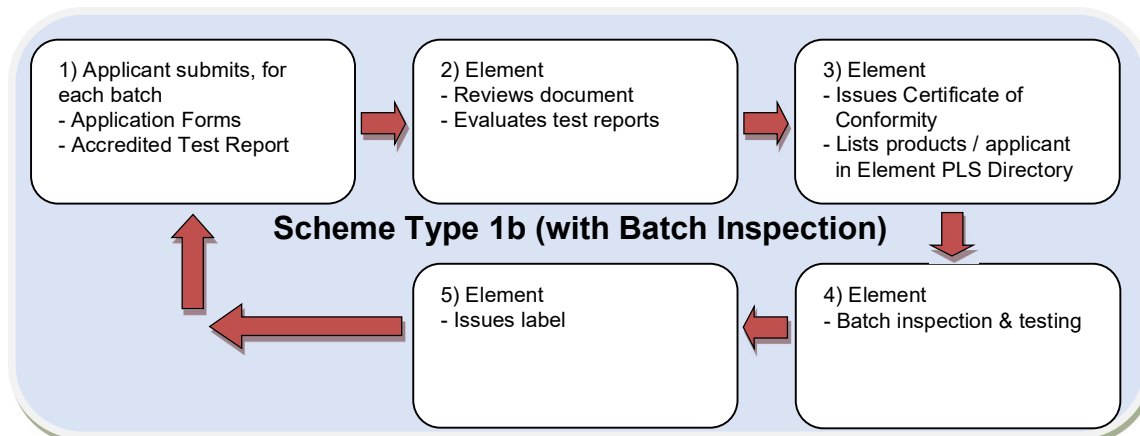

This scheme involves the safety and performance of products in accordance with the national and international standards. Certificate of Conformity will be issued once products meet the required standards.

Singapore Civil Defense Force (“SCDF”) regulated products are specified in the list of products under PLS Scheme Type 2, Scheme Type 5 and Scheme Type 1b.

A1.1 Scheme Type 5 – This PLS system entitles Certificate and “Element certifiere SG” mark. Scheme Type 5 scheme consists of Type Test representative of a sample of production, inspection of factory quality management system (to ISO 9001) and routine surveillance of the management system and samples of the product, and if necessary, market surveillance. Depending on the relevant authority’s requirement, the “Element certifiere SG fire” marks are by label issued by Element or by printing of label on products by the applicant. Due to their nature, some products will be issued with Certificate of Conformity instead of label.

A1.2 Scheme Type 1b – This PLS system entitles Certificate and “Element certifiere SG” mark. Scheme Type 1b scheme consists of Type Test representative of a sample of production and subsequent batch inspection/testing. The “Element certifiere SG” marks are by label issued by Element. The labels are issued according to the size of the batch and upon condition that the batch has passed the batch testing / inspection.

A1.3 Scheme Type 2 – This PLS system entitles Certificate. There will be product review /market surveillance.
